

***Present Water Rates***

The City of LaFayette invoices water customers monthly. After the past-due date, a 10% service charge is added and a cut-off notice is sent to all customers who have not paid. Ten days after the past-due date, utilities are subject to disconnection if the bill remains unpaid. To restore service, the customer must pay the past-due water/sewer balance plus a \$25 service charge for restoration during regular business hours (8:00 a.m. to 4:00 p.m.). The service charge is \$50 for restoration after normal hours.

Water rates, shown in Table 1, consist of a base meter charge applied monthly based on meter size, customer classification (residential, commercial, or industrial), and location (inside or outside the city limits). A volumetric charge is added based on total monthly water usage. In addition, a monthly Compliance Fee is added to the base meter charge.

**Table 1. Present Water Charges.**

BASE METER CHARGE, per month:		
Meter Size	Inside City	Outside City
3/4" meter	\$14.00	\$21.00
1" meter	\$17.00	\$25.50
1 ½" meter	\$27.00	\$40.50
2" meter	\$43.00	\$64.50
3" meter	\$80.00	\$120.00
4" meter	\$110.00	\$158.81
6" meter	\$252.00	\$317.63
8" meter	\$450.00	\$742.50
COMPLIANCE FEE:	\$4.00 per month	\$4.00 per month
VOLUMETRIC CHARGES:		
Residential or Commercial	\$ 3.35 per 1000 gal.	\$ 5.03 per 1000 gal.
Industrial	\$ 2.95 per 1000 gal.	\$ 3.75 per 1000 gal.

***Present Sewer Charges***

Charges for sewer services are based on metered water usage. Each customer's monthly sewer charge is calculated as 125% of their total water bill. This rate applies equally to all sewer customers— residential, commercial, and industrial. The minimum monthly charge for residential and commercial customers inside the City is \$17.50, while the minimum charge for those outside the City is \$26.25.
