PUBLIC SERVICE

ANNOUNCEMENT:

Stormwater Rate Increase

The City of Fayetteville is increasing the Stormwater Utility fee from \$4.37 per Equivalent Residential Unit (ERU) to \$6.75 per ERU effective June 1, 2023. This fee increase is due to rising costs associated with state and federal regulations as well as rising costs associated with the maintenance of the City's aging stormwater infrastructure. This is the first rate increase for the Stormwater Utility since 2004. Also thereafter, all such rates shall automatically increase 5% per year on August 1, 2024 ending July 31, 2027.
